

Group Booking Inquiry

About Us

The Ucluelet Aquarium is a not-for-profit organization. Our mission is to raise awareness about local marine biodiversity and promote respect for the ocean environment. We greet visitors from all over the world treating them to a very personal view of the fish and invertebrates from our local waters in Clayoquot and Barkley Sound. We are Canada's first catch and release aquarium! The animals are returned to the ocean every season where they came from.

We are open March to late November from 10am to 5pm daily including weekends and holidays. **We require ALL school and tour groups make a reservation in advance** so we can schedule staff to accommodate your visit. If you make a reservation for a school or group booking, we will provide interpreters to give an introduction to the aquarium, and guide your group through the facility for up to one hour. If you have any special requests let us know, we will do our best to make your experience memorable and rewarding!
