

# Volunteer Expression of Interest Form

## About Us

The Ucluelet Aquarium is a not-for-profit organization. Our mission is to raise awareness about local marine biodiversity and promote respect for the ocean environment. We greet visitors from all over the world treating them to a very personal view of the fish and invertebrates from our local waters in Clayoquot and Barkley Sound. We are Canada's first catch and release aquarium: the animals are returned to the ocean every season. We are open March to late November from 10am to 5pm daily including weekends and holidays.
